Join Us for Our September Road Rally!

On September 23rd, MaPaw will be heading out on the open road to help raise money for our pups and we want YOU to join us!

We've mapped out a 60 mile course that starts at Gilbertsville Fire Company No. 1 (Gilbertsville, PA) and also ends there with a buffet. Sign in registration is open from 9 am to 10 am at the Fire Company. The course consists of 5 stops. Each stop will have a coffee can with a MaPaw token. Collect all of the tokens and bring them back to the Fire Company to be entered in drawings.

A buffet will be available from 1 pm to 3 pm and includes baked ziti, meatballs, salad, tea, coffee and soda (alcohol is available at an additional cost). We'll also have a 50/50 drawing.

Tickets are just \$18 per person and can be purchased online by [clicking here!](#)

We hope you can join us and look forward to seeing you there!

Please keep in mind that the course will include local "back" roads so some cars/bikes may not want to participate due to "every day road grime".

Congratulations to Our Newest Happy Tails!

Luna is an adorable little spitfire that is full of energy and always looking for a game of chase. Our little princess is quite the talker and isn't above pulling a tail to initiate play. She definitely needed an active canine housemate to keep her entertained. Lucky little Luna found her family and she has an older sibling who is trying her best to show Luna the ropes. Her family adores her and all of her antics.

Luna was adopted on August 4th.

Aurora somehow lost her way and found herself at the shelter. When nobody came to find her, the shelter contacted MaPaw and we happily made room for the 4 year old. Aurora has a wonderful personality and gets along well with everyone and every pup she meets. An absolute joy to be around, she enjoys the company of her humans. Aurora found herself a loving family that promises to spoil her!

Aurora was adopted on August 10th.

Luka came to MaPaw along with the pups (mentioned below) and 2 other adults when their owner could no longer properly care for them. He is on the smaller side, which is good because this guy is pretty sure he's a lap dog! Luka, now known as Chase, is living the life of a very spoiled and loved pup. A very different circumstance than where he came from. In fact, one of the photo updates we received from his new family shows Chase enjoying a cruise on their boat (with a life vest, of course)!

Luka was adopted on August 14th.

Indy, Gracie and Logan joined MaPaw along with their 3 siblings at 15 weeks after their owner could no longer care for them properly, along with adult dogs. The pups were unsure of human contact and preferred the company of each other. They were soon learning from the other pups in their foster homes and discovered that humans were pretty awesome and usually delivered some sort of food or pet.

Gracie's foster family decided that little Gracie was already home. It was actually Gracie's older sibling (Lila) that decided she couldn't live without Gracie. When Gracie went to a meet and greet, Lila paced and cried for her puppy to come home. So her family happily flunked fostering.

Indy was adopted by a wonderful family with an older sibling to play with and learn from. Along with a new home comes a new name ~ she is now known as Bristol.

Logan was also adopted by a wonderful family with not one, but two older siblings to give him guidance.

Indy was adopted on August 17th. Logan was adopted on August 19th.

Congratulations to all of our lucky pups and their families!

An Update on the Kennels

Our volunteers have been hard at work trying to get the kennels completed.

The electric company has told us that their portion of the work will be completed by the end of September. We have plenty of other jobs to do to keep us busy though...

We've painted the exterior of the building a soothing, yet hopeful, shade of yellow that is representative of the new beginning the pups that enter the kennels will experience by walking through the doors. We're in the process of framing out the interior walls.

We are hopeful that we'll be able to complete the kennels in the next month and welcome our first guest in the Fall!

Foster Homes Needed

The number of pups we can bring into rescue depends on the amount of foster space we have available. We never have a shortage of pups needing rescue and for some pups, we are their only chance at a second chance. Foster homes are our greatest asset and the resource we need the most.

If you have ever considered becoming a MaPaw foster home, now is the perfect time. We provide everything you need ~ crate, blankets, food and medical care. You provide a safe and secure home where our pup will be loved and cared for until they find their forever family.

Please [contact us](#) if you have any questions about fostering or [click here](#) to submit an application to foster a MaPaw dog.
